

Piecing Partners Quilt Guild
Block of the Month

May 2010

Rectangle Makes a Square

Again using the colours we have been using for the blocks leading up to now.

Greens, reds, brown, blacks and whites.

1) Make 4 copies each of the paper piecing pattern.

2) Then paper piece the red, brown, green, black and/or white strips following the numbers.

3) Then sew the four paper pieced blocks together to create the 9 inch four patch completed block.

I made one yesterday in 25 minutes, from hand copying the patterns to sewing the strips to the paper and then sewing the 4 squares together to make a completed block.

Again, any questions or concerns:
